Included in the Rate for individual Track Production:

- A Completed Song inspired by your game's artistic vision.
- A Radio Edit, Extended Version, or other Variation Remix to your liking.
- Test & QA for Desktop, Android & iOS.
- JIRA board upon request!

Regarding Rates:

- Rates are not hourly, as hundreds of hours go into each project.
- I treat every project like a full time commitment.
- This is the way.

When Contacting me:

- Include info about your project for a quick estimate on rates & lead time.
- Helpful Info: Track Count, length, style & genre requirements.
- Any related technical details and specifics to your audio.

- Trailers, audio samples, musical taste, all help me better understand your creative vision!
